Editorial – 100 YEARS OF GERMAN COURSES

In the year 2022, the Language Center is proudly reflecting on 100 years of its German courses! Ever since the inception, it has always been about the **joy** of teaching and learning languages. Over the years, teaching methods and the expectations of our students have evolved. Our highly qualified and experienced teachers nowadays offer **lively and interactive lessons**, combine theory and practice with playful methods and support the students in achieving their learning objectives.

Our **summer intensive courses** have a special **flair**. People from all over the world come together, spend their free time taking part in a German course at the Language Center – some have been enthusiastically doing so for many years – and enjoy mastering the German language and exploring the city of Vienna together.

We also offer our **summer evening courses online**. This is a great advantage for all those who do not have the opportunity to come to Vienna, as well as for all those who prefer taking an online course for health reasons.

We are truly excited to welcome you in our **anniversary year!**
The team at the Language Center of the University of Vienna
