Editorial – Learning German in the Heart of Vienna.

The Language Center takes pride in 101 years of its German Courses. Our course participants benefit from the expertise we have gained in these years. Our experienced and highly qualified teachers provide excellent support to their students, so they get every opportunity to achieve their study goals. Thus, our students can acquire their German knowledge and skills efficiently in a very short time.

Our Summer Intensive Courses have a special flair. It is fun to learn German intensively in an international environment. Our students can explore the city of Vienna and meet people from all over the world during our city walks or hikes in the Vienna Woods.

Our Summer Evening Courses take place from July to September. They are a good alternative for students who prefer to attend a course just twice a week. These courses are also offered online.

There are plenty of reasons to learn German: studies, career, hobbies or the love of one’s life … Whatever your reason happens to be, we are truly excited to welcome you on the 101st year since our foundation.

The team at the Language Center of the University of Vienna.
